5. HealthPartners Presentation
6. Minnesota Optometric Association Presentation
7. Task Force Discussion
  - The ultimate duty of the Task Force is “to determine the governmental entity to plan, lead, and implement” recommended policies and funding for aging Minnesotans across the state. Under this duty, what result does this Task Force want to achieve? How do we go about doing that?
  - In Minnesota, what is the entity with the statewide authority to lead us to achieve this result and establish the policies to do so?
  - QUESTION FROM LAST MEETING: The Task Force has now covered the structure, authorities, and planning processes of 2 different states, Pennsylvania, Colorado, in addition to what Minnesota currently has. Are there specific aspects of these states’ structures for older adults that the Task Force wants to consider for our recommendations, when considering our ultimate duty?
  - Do we have an idea of the level of redundancy that exists in our current system/structure for older Minnesotans?
8. Adjourn
